one end of the sack and I'll carry it too. My children are no better than I am and I have made out with these roads and so can they. But listen your children are not going to make out with such roads. They will have goods roads and if you live long enough you may get to travel over them. I'm glad to see any article on good roads. I know people are still becoming interested more and Rockcastle will in the near future not be ashamed to have strangers pass over her roads. I am spending the winter in Florida where they have fine roads. One horse can more than do the work of two on bad roads. The climate here is fine and the people are lovely. The country level, people have a good easy time in general. Plenty of oranges cheap, winter gardens all green with mustard, lettuce, onions, beets, turnips, cabbages and kale. Farmers are plowing and getting ready to plant vegetables for early marketing. We have no mud at any time, all sand. You would say and lots of negroes. Yes there are a good many but are the real ones. No mulattoes and they certainly do know their place. They are like I use to know them when I was a child. A servant in a servants place. They are a real necessity here. They are honest. People tell me I need never lock a door at night or on leaving home. They all work and earn their living and they know they must do the right thing, otherwise they know the consequence. I like Florida and especially the people I have met. We live within two miles of the largest orange grove in the world. The lumber and turpentine businesses are good here and truck gardening is carried on extensively all over the state. Living is pretty high. Board from 18 to 25 and 30 dollars per month. Strange to say no one likes to keep boarders. Every thing is higher here than at home. Any one can do their own work and live as cheap here as anywhere. Very truly,
S. M.

Quail, Ky.,
Feb. 11, 1913
Mr. Editor MT. VERNON SIGNAL:
Dear Sir:—
If you will allow me a little

space in your paper I will in behalf of a number of Progressives of this place make public reply to a letter in your paper a short time ago addressed to the Progressives of Rockcastle county by P. H. Shuttles, of Bromo, asking all Progressives to let him know their feelings on the proposition of creating a permanent county organization of the new party.

All the Progressives of this part of the county, which is several in number heartily endorse the organization of our party in Rockcastle for this part must live if the common people of our nation ever have any voice in their own government. It was once a government by the whole people and for the people but, alas no more, it is a government by the Bosses for their servants. Our only hope is through the new party as it is the only party that advocates principles that will ever return freedom to the whole American people and we are sure to gain that victory in the near future.

It is high time that we organize. There are three distinct classes of officers to be voted for by the people. County, State and National. Now the one nearest and most important of the three is to be elected this coming Nov. I want our organization perfected and a full ticket put in the field this fall to make war against the reactionaries or stand-patters.

Now in conclusion I have a suggestion. We have a man on this side of the county that would make an ideal leader for our ticket at the next election. He is as competent to hold the place as any man I know in the county he is now a very progressive farmer has been a leading teacher of the county is a fearless close observer and understands how hard it is for poor people to make anything above a common living in this county under our present condition. And he no other than Mr. P. H. Shuttles. The man that not only the Progressives but hundreds of others

in this nick of the woods would like to see occupy the County Judge's bench of this county as he is a safe man.

For fear of getting my letter so long that it will reach the waste basket instead of the press I will close by asking all voters to come over and be progressives in politics as well as other things that you may both live and die with a clear conscience.

Yours a Progressive,
W. D. CUMMINS,
Quail, Ky.

Wildwood, Fla.,
Editor of SIGNAL:—

Having lived in Rockcastle county over 40 years with the exception of two years in Laurel county, Ky., in all these years have had to plod over the rough roads whenever I went to Sunday School and church or to see a sick neighbor or to the Rail Road station; and having raised a large family the inconvenience of trying to educate my children, because of the miserable roads was a great hardship until they got old enough to leave home and enter Boarding schools to prepare themselves for some avocation in life where they could earn a living. One by one they all went away only our two youngest are left at home they are too young to go yet awhile. Some are married and living in homes of their own, others are teaching schools and the greatest difficulty they have in coming back home to see us is the bad roads. Weeks and even months go by without their coming, can't get there on account of the roads in winter.

Is there no remedy? Yes these roads can be made good but the question is who will make them. Each year tells the story plainer that some method or means has to be used other than has been in the past. Some of the best people in the county are really interested in having good roads but as was demonstrated last Oct. the majority was like the old Proverb "Jody" who carried the rock in

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE Louisville Post is again any government appropriation for the construction of Boone Way. Mr. Sherley the Fifth district representative in Congress from Louisville, however, is for Boone Way solet the Post offer its opposition. It will have no effect on the result of the movement for this important highway. It appears that the editor of this sheet in question is under the belief that he carries more brains than the following statement who heartily favor governmental aid in the work: Champ Clark, Ollie James, the Kentucky delegation in Congress Governor McCreary and many others. The case presents a peculiar appearance when the Post and Courier Journal are together on any question. Peculiar indeed. Both will probably claim to be the originators of "nothin for the Mountains now" — and Murse Henri, "he (the C. J.) jes' set back and laff" and say nothin' more, at the articles of the little one boss mountain editor's efforts to secure aid in the building of the proposed national highway from Cumberland Gap to Crab Orchard. He who laughs last etc. There is a good day coming when Murse Henri's paper and that run by Col. Dick Knott will wish they had dished out a different kind of treatment to South Eastern Kentucky and East Tennessee and Virginia. The Mt. Vernon Commercial Club is at work in the matter to ascertain if the business and professional men of Louisville endorse the position taken by these papers in reference to the above proposed highway. Fair treatment will be demanded or we will take up our doll rags and play elsewhere.

It is not worth while to hate anyone. Life is too short to cherish ill-will or hard thoughts. What if that man has cheated you or that woman has played you false or some friend forsaken you? Let it all pass. What difference will it make to you in a few years, when you go hence to that undiscovered country. All who treat you wrong will be more sorry for it than you in your deepest grief. A few more smiles a few more tears, some pleasure, much pain, a little longer hurrying and worrying in the world, some hasty greetings and abrupt farewells and life will be over, and injurer and injured will be laid away and forgotten. It is not worth while to hate each other. This is our advice and like salvation it's free. Try it during 1913.

GOVERNOR Lee Cruce, of the State of Oklahoma, in a letter to Secretary of our Commercial Club states: "I have your favor of February 4th. calling attention to the Boone Highway. Not only as an ex-Kentuckian, interested in all things that have Kentucky tinge and spirit, but as a citizen of a great country, interested in every movement that will tend to its development, I will be glad to lend any influence I can in the promotion of the project you have in hand".

JUDGE Richard G. Williams, of Covington was the first non-resident to join the Boone Way Booster Band No. 1, of Mt. Vernon. Col. Bennett H. Young, the Commander of U. C. V., railroad and bridge builder, and noted lawyer, of Louisville, was the second. Our hats off to them.

On the invitation of the Bristol, Tennessee, Board of Trade Mr. Maret, our delegate to the Asheville, N. C. good roads meeting, will probably return via Bristol to confer with the members of the Board on the Boone Way and Bristol-to-Lexington highway movements.

"BOONE WAY."

PLAN TO REVIVE THE "OLD WILDERNESS ROAD" MEETS WITH ENCOURAGEMENT.

Special.—Bristol, Tenn., Feb. 11. Jackson Morris, of Pineville, and James Maret, secretary of the Commercial Club of Mt. Vernon, Ky., sent interesting information, here as to progress toward the building of roads in Kentucky which are to be the connecting links for the proposed highway between this city and Lexington. Mr. Morris is chairman of the committee that is making the fight for a \$500,000 good roads bond issue for Bell county, Ky. The vote will be taken March 4, and Mr. Morris believes that the proposition will win. Mr. Maret has sent a map, showing the "Boone Way" from Cumberland Gap via Middlesboro, Bourbonville, London and Mt. Vernon to Crab Orchard, the distance being only ninety-eight miles. Mr. Maret states that a well-organized movement is on foot to build this road. At Crab Orchard the "Boone Way" will connect with the pike system of Kentucky, leading to Richmond, Danville, Louisville and Lexington.

The situation in Virginia counties with reference to this road is encouraging. Many prominent Virginians are back of the movement, and there is every indication that Washington, Scott and Lee counties will issue bonds to build their part of the road.

Hugh Miller went to the counties of Hardin and Laine a few days ago to purchase a few pure bred Duroc Jersey sows. He has now on his Hillsdale farm, sows sired by the great boar "I am Good Enough Again 35731" which sold in J. O. Kerfoot's Duroc Jersey sale a short time ago for \$410.00. He has another gilt sired by the great breeder "Orine Chief". These sows are now mated to a son of Volunteer Advance 43667, a winner at the State Fair and grand champion at Chicago International, which sold a few weeks ago for \$1500.00. He says he has purchased another fine sow mated to "Col. King" said by many Duroc breeders to be the best boar south of the Ohio River. Hugh, in our opinion is certainly on the right road in buying thoroughbred stock. It pays to keep good stock of any kind on your farm. If you will notice the papers, you will see that the farmers in our blue grass counties are at all times looking after pure bred stock. Why can't our farmers do this. There is nothing in the way to keep them from looking after this end of the farm business. Well bred stock of any kind means less trouble, less feed, and more money for the farmers.

The preacher who takes the

prize in raising needful sums for church work so far is an old colored man down South.

"We have a collection to take up dis mawmin'," he said, "a collection for a mos' important cause, an' we needs as much money as we can get. But for de sakes of your reputations, whichever of you stole Mr. Jones' turkey don't put nothin' in de plate."

That was how he got money out of every member of his congregation.

Aunt Eliza came up the walk and said to her small nephew:

"Good morning, Willie. Is your mother in?"

"Sure she's in," replied Willie truthfully. "D'you suppose I'd be wokin' in the garden on Saturday morning, if she wasn't."

HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years so that I was a misery to me," writes Mrs. D. C. Over, of Utes, Ohio, Route 4. "The doctor told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like a woman in torment. I am the mother of six children. I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of Favorite Prescription and one of Golden Medical Discovery and a fifty-cent bottle of 'Smart-Weed,' and have never suffered much since. I wish I could tell every suffering woman the world over what a boon Dr. Pierce's medicine are. There is no use wasting time and money doctoring with anything else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 31 stamps to pay for wrapping and mailing only.

OLD AGE

Old age as it comes in the orderly process of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, counsel. That is old age as it should be, but old age as it often is means poor digestion, torpid bowels, a sluggish liver and a general feeling of ill health, despondency and misery. This in almost every instance is wholly unnecessary. One of Chamberlain's Tablets taken immediately after supper will improve the digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. For sale by All Dealers.

Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

TAKE CARDUI The Woman's Tonic

Mrs. Jane Calahan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had back-ache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.

Mr. Will Merricks, a Rockcastle boy who is making good with the L. & N. and Miss Margaret Buchanan, of Paris, were married in that city last week. They are now with Mr. Merricks' parents here for a few days. They will live in Paris.

On last Friday the February social meeting of the Woman's Club was held at the home of Mrs. Willis Adams, the hostess, being Mrs. Adams, Miss Adams, and Mrs. Ab Sparks. The evening was pleasantly spent in a social way with games and conversation. The following program was presented: Introductory remarks by the president, Miss McCord, reading by Miss Adams music by Miss McGraw and Mrs. Miller, and speeches by Rev. George Watson, Judge Bethurum and Mr. Furnish. Delicious refreshments were served.

The court house was filled to its capacity Wednesday evening to hear the lectures of Dr. Lock, representing the Rockefeller Institute and Dr. Mark, the State Sanitary Engineer. Dr. Lock spoke at length on the different diseases, and the prevention of same, but principally the Hookworm, which has been found so prevalent in Kentucky. Dr. Lock has conducted campaigns in a number of counties in Kentucky and is at Berea conducting a six weeks campaign at this time. It is marvelous to know how many people are affected with this little parasite which is gradually sapping their life away and they do not realize what or where the trouble is until it is everlastingly too late. Through the generosity of our Fiscal Court, which made a small appropriation for that purpose, Dr. Lock will come to this county sometime during the summer of 1913 and conduct a Hookworm campaign in every community throughout the county where needed. Dr. Mark talked along the line of sanitation and paved the way for what we believe will be a better cleaner healthier and more sanitary county as a whole. One thing that Dr. Mark spoke of in particular was the sanitary tanks or receptacles for all waste materials and every person of common ordinary intelligence realizes that the more densely populated a town, county or community becomes, the more important is this question. He dwelt at length of the importance with our schools, and before another year the subject will be thoroughly discussed in every rural district. This movement is for the welfare of the people and their co-operation is absolutely necessary to get the best results.

Mt. Vernon is the first town of its size in this end of the State that Dr. Mark has visited and we are to be congratulated that after a long correspondence started by Miss McCord of the Langdon Memorial School with the State Sanitary engineer more than a year ago, has finally resulted in the visit of Drs. Mark and

Langdon. Miss Esther Sasser, of Bertha, Kentucky entered Langdon dormitory this week and is taking review work. Miss Dovie Hibbard is a boarding pupil and is devoting most of her attention to domestic science work. Miss Mary Joseph from Leslie county is a new member of the dormitory family. Mrs. Wolcott, of Shelbyville, who came to address the Farmers Institute on Home Improvement was a guest at the dormitory and delighted both teachers and pupils with her charming personality and helpful talks.

Mr. Morse also here for the Farmers Institute gave a strong chapel talk on "The Growth of the Plant". The girls of the class in agriculture showed by their intelligent answers to his questions that they were taking advantage of their opportunity to become familiar with the subject. Mr. Watson has charge of this class. Miss Sadie Abernathy, of Pulaski, Tenn., teacher of both voice and piano, who is highly recommended for her teaching ability has been engaged as head of the music department, and is expected here the last of the week. All who expect to take music should hold themselves in readiness to begin lessons the first of the week. Miss Wanzer has been called home by the illness of her mother. It is hoped that she will be able to return soon. Zelma Brown is back after an absence due to illness. Kate Debord accompanied by Bertha Litton spent Sunday at home. THE COLONEL KNEW COLTS

And Applied His Knowledge In Advising the Teacher.

CHANGE OF SCENE NECESSARY

Some of the Things That We Are Apt to Overlook in Training the Youngsters—Two Workers and What They Received.

The new teacher was doing her best at the little schoolhouse at the forks of the road. She had been at work for three weeks and her spirits were drooping under the care of fifty boys and girls that recited in eight different grades, to say nothing of the worry of a smoky stove and a very uncomfortable building.

The old colonel at whose home the teacher stayed had said to his wife a few moments after he had met her: "She carries her head like she had blue blood in her veins. No need of an over-check with her. Seems a pity she's going to have to worry with this school, don't it?"

One evening when the little teacher had told the sympathetic old colonel the troubles of the day, the uselessness and frustration of the children, he smiled quietly and suggested, "How would you like to try some of the advice I give the men who train my blooded colts that are being taught trotting for the race course?"

"You don't mean that I must begin to whip the children, do you?"

"Oh, dear, no! Very little of that does any good either on the training track or in the classroom. It is like this: We put the colt on the track, and day after day he goes over and over his lesson. He gains for some time in his work; then suddenly he seems to lose interest. The whip cannot give him back his lost interest, so I tell my trainer to jog him along one of the turnpikes. I tell the man not to try to give him any speed or lessons of any sort, but just let him see a bit of new country, some wagons and horses and autos passing, give him a change and a rest. In a few days we bring him back to the track, and he's better than ever, and his interest in his work is keen."

"You don't mean that I could waste my time running around over the coun-

try with my pupils, do you? Why, the people are paying me \$30 a month for my work."

"Again, I am made to understand, things," laughed the old colonel. "Sudden his face clouded, and he exclaimed: 'I shouldn't laugh. I ought to cry, when things are as they are. Here you are struggling with fifty children. You are expected to give them their pieces for the great race of life, and you are paid \$30 a month for your work.' He paused a moment, the frown on his face darkening, then said, hurriedly: 'Why, I pay that fellow you see out yonder driving that young trotting horse \$300 a month for every month in the year. It's the old story over again. We fail to realize that the biggest and best thing in the whole world is the

brain and character of a child in making. We fail to see anything but the dollars and cents that are close at hand."

She Was Twice as Good.

The group about the cross roads store had been discussing the new teacher who had taken the school on the ridge when the trustee of the district rode up and dismounted. At once one of the men asked: "Say, Ben, we've been talkin' about the new teacher out on the ridge. How's she don't?"

"Well, I think she's fine. I think she's just about twice as good as the one we had last year."

"You do? Why, I thought you was certain the one last year was a No. 1. How do you figure it out?"

"Yes, I believe she is. You see, I watched the teachers I hire out at my school mighty close. I do. Honest, I don't think she missed a single one of my every day, and she averaged about two a day through both terms of school. That's goin' some. This new one has been out to the school only a little more than two weeks, and she's started out mighty strong. Do you know, she's averaged four boys a day. So you see I'm certain she's just twice as good as the other one we had."

Some idea regarding the economic importance of corn may be had by a realization that in the United States it exceeds in acreage, yield and value wheat, oats, barley, fax, rye, buckwheat and potatoes combined.—Our Country.

Last Thursday night at the Lexington Fifth Street Baptist Church every available space was filled and many were turned away. There were nine additions at the evening service and two at the morning service yesterday, making 92 additions to date, and the meeting continues with unabating interest. The ordinance of baptism was administered to twenty candidates at the evening service. Today at 10 o'clock Evangelist Don Q. Smith preached on "The Terms of True Discipleship." At 7:30 this evening the subject will be "The Great Salvation." The meeting will likely continue all this week.
